Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders**, **by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

We have audited the financial statements of GOLDLINE PHARMACEUTICAL LTD. ("the Company"), which comprise the balance sheet as at 31st March 2026, and the statement of Profit and Loss, and Statement of Cash Flows for the period then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026 and its financial performance, and its cash flows for the period ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter (EOM)**

We draw attention that the Company was listed on 19th of May 2026, on Bombay Stock Exchange's SME Platform subsequent to the reporting period. Our opinion is not modified in respect of this matter.

**Information other than the Financial Statements and Auditors' Report thereon**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We believe that the audit evidence obtained by us are sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Notes to the Financial Statements for the year ended 31st March, 2026**

**(a) Corporate information**

Goldline Pharmaceutical Limited ("the Company") is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company was originally incorporated as a private limited company on August 2, 2004, under the name Goldline Pharmaceutical Private Limited. Subsequently, it was converted into a public limited company on September 23, 2013, and its name was changed to Goldline Pharmaceutical Limited.

The equity shares of the Company are listed on the BSE SME Platform of BSE Limited.

The Company is primarily engaged in the marketing and distribution of pharmaceutical products. It operates on an asset-light business model and does not engage in direct manufacturing. Products are manufactured by third-party contract manufacturers based on the Company's proprietary specifications and market research.Once manufactured, the products are marketed and sold under the Company's owned brand “Goldline” through a comprehensive distribution network of wholesalers and retailers. The Company’s product portfolio is strategically categorized into the following five segments: Goldline Pharma, Goldline Cardinal, Goldline Aayushman, Goldline InLife, and Goldline Valiente.

**(b) Significant accounting policies.**

**1. Basis of Preparation**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on accrual basis under the historical cost convention.

Accounting policies are consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use. Where a change in accounting policy is necessitated due to changed circumstances, detailed disclosures to that effect along with the impact of such change is duly disclosed in the financial statements.

The Accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

**2. Use of Estimate**

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenditure during the year. Examples include provisions for doubtful debts, provision for employee benefits, provision for taxation, useful lives of depreciable assets, provision for impairment, provision for contingencies, provision for warranties / discounts etc. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

Future results could differ from those estimates. The effect of changes in accounting estimates are reflected in the financial statements in the period in which results are known and, if material, are disclosed in the financial statements.

**3. Revenue recognition**

Revenue from the sale of pharmaceutical products is recognized when the significant risks and rewards of ownership have been transferred to the buyer, and no significant uncertainty exists regarding the amount of consideration that will be derived from the sale.Transfer of risks and rewards typically coincides with the delivery of goods to the customer's premises or dispatch to the carrier, governed by the specific contractual shipping terms. Revenue is recognized net of trade discounts, volume rebates, and sales tax/Goods and Services Tax (GST)

**Variable Consideration and Estimation Uncertainties:** In accordance with the conservative principles of AS 9 and the recognition criteria of AS 29, revenue is adjusted for variable factors where reasonable estimates can be made:

**Trade Discounts, Rebates, and Incentives:** Trade discounts, volume-linked rebates, and prompt payment incentives offered to wholesalers or distributors are deducted directly from the turnover to arrive at net sales, provided the obliging event or volume threshold is met within the reporting period.
**Sales Returns and Product Expiries:** The company faces obligations for product returns arising from shelf-life expiries, transit damages, or commercial return agreements. Gross turnover is recognized upon transfer of risks and rewards, while a separate Provision for Sales Returns is concurrently created.

**Measurement of Provision:** This provision is measured based on a reliable estimate using historical return trends, product expiry profiles, and current market inventory levels. It is charged directly to the Statement of Profit and Loss as a reduction from revenue or as an expense, ensuring that revenue is not overstated

**4. Inventories**

**Basis of Measurement:** Inventories are valued at the lower of cost and net realizable value.
**Cost Formula (FIFO Method):** The cost of inventories is determined using the First-In, First-Out (FIFO) formula. Under this method, items of inventory that are purchased or received first are assumed to be sold or issued first. Consequently, the items remaining in inventory at the end of the period are treated as those most recently purchased.
**Components of Cost:** Cost comprises all costs of purchase, costs of conversion, and other costs incurred in bringing the inventories to their present location and condition. Trade discounts, rebates, subsidies, and other similar items are deducted in determining the costs of purchase.

**Net Realizable Value:** Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

**5. Property, plant and equipment**

Property, Plant and Equipment are stated at cost of acquisition/construction less accumulated depreciation and impairment losses, if any. Cost comprises purchase price, duties, taxes and any directly attributable expenditure incurred in bringing the asset to its working condition for its intended use.

Goods and Services Tax (GST) paid on acquisition of Property, Plant and Equipment is accounted for as follows:

where input tax credit of GST is available, the GST component is excluded from the cost of the asset and recognized as an input tax credit receivable; and where input tax credit of GST is not available or is subsequently disallowed, the related GST amount is capitalized as part of the cost of the respective asset in accordance with Accounting Standard (AS) 10 – "Property, Plant and Equipment / Fixed Assets".

Depreciation is provided on the depreciable amount of assets over their useful lives in the manner prescribed under Schedule II to the Companies Act, 2013 / on the basis of management's estimate of useful life, as applicable.

In case of certain assets included in above table, the Company uses useful life different from those specified in Schedule II of the Act which is duly supported by technical evaluation of management. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual values are reviewed at each reporting date. Depreciation on addition to PPE or on disposal of PPE is calculated pro-rata from the month of such addition or up to the month of such disposal as the case may be. The residual values are not more than 5% of the original cost of the asset. Capital work-in-progress includes PPE under construction and not ready for intended use as on the balance sheet date.

**6. Investment**

Investments are either classified as current or long-term, based on Management's intent at the time of making the investment. Current investments are carried individually, at the lower of cost and fair value. Long-term investments are carried individually at cost less provision made to recognise any diminution, other than temporary, in the value of such investment. Cost of investments includes acquisition charges such as brokerage, fees and duties. Provision is made to recognise any reduction in the carrying value of long-term investments and any reversal of such reduction is credited to the Statement of Profit and Loss.

**6. Employee Benefits**

Employee benefits include provided fund, superannuation fund, employee's state insurance scheme, gratuity fund and compensated absences.

**Defined contribution plans**

Contributions in respect of Employees Provident Fund and Pension Fund which are defined contribution schemes, are made to a fund administered and managed by the Government of India and are charged as an expense based on the amount of contribution required to be made and when service are rendered by the employees.

**Defined benefit plans**

The Company also provides for other retirement benefits in the form of gratuity. The Company accounts for its liability towards Gratuity based on actuarial valuation made by an independent actuary as at the balance sheet date based on projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

**Other short-term employee benefits**

Other short-term employee benefits, performance incentives expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders service

**7. Taxes on Income**

A provision is made for income tax annually, based on tax liability computed, after considering tax allowances and exemptions. Tax expense for a year comprises of current tax and deferred tax.

Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is recognised on timing difference, being the difference between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

**MAT credit**

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, in accordance with the provisions contained in the Guidance Note on Accounting for Credit Available under Minimum Alternate Tax, issued by the ICAI, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as 'MAT Credit Entitlement'. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and the intention is to settle the asset and liability on net basis.

**8. Earning Per Share**

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**10. Exceptional items**

When items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

**11. Provisions, Contingent liabilities and Contingent Assets**

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.
